

# OMAN CONTAINER LINES

*"Your Regional Feeder Operator"*

OMAN CONTAINER LINES IS PROUD TO ANNOUNCE THE LAUNCH OF THE NEW **"GULF EXPRESS"** SERVICE

In order to improve your regional coverage and allow your liner customers the fastest transit-

and connection times possible when shipping to the Upper Gulf, Oman Container Lines have launched a fixed weekly, direct, service between Salalah, Oman and Jebel Ali, U.A.E.

*"Allowing for a broader coverage of the Upper Gulf market directly from the main East/West shipping lane, the Gulf Express feeder fills a gap in the market currently only serviced by a few lines on own services. This allows shipping lines who do not currently have a dedicated regional network to participate in some of the highest growth markets in the world today."*
